▶ **SRLP conducts trainings about transgender legal issues and transgender awareness.**

We primarily train government agencies, attorneys and legal organizations. For nonprofit organizations looking for transgender awareness workshops we provide referrals to experienced community trainers.

SRLP is also available to give presentations about our work and trainings in college and university settings.

Trainings are offered on a sliding scale basis and are tailored to the needs of the trainee organization or institution.

▶ **SRLP accomplishes our work thanks to the strong support of our community.**
